This matter comes before the Public Service Commission of South Carolina (the Commission) on the request of Cognigen Networks, Inc. (Cognigen or the Company) to discontinue service to its 222 customers subscribing to CogniState, CogniPhone, or InTandem products within the State of South Carolina, effective January 15, 2007. The Company has furnished a copy of its filing with the Federal Communications Commission (FCC) on the matter and its customer notice which was furnished to each affected customer in accordance with FCC Title 47 C.F.R. Section 63.71(a). Cognigen does not wish to surrender its Certificate at this time. The Office of Regulatory Staff (ORS) does not object to the request and states that the affected customers have access to alternative service which is comparable to their present services provided by Cognigen.

We have examined this matter, and, based on the filings of the Company, we grant the request of the Company to discontinue service to its 222 customers subscribing to CogniState, CogniPhone, or InTandem products within the State of South Carolina,

effective January 15, 2007. The Company has taken the proper procedural steps to effect the discontinuance of service. Further, consumers of the Company's products have access to alternative comparable service.

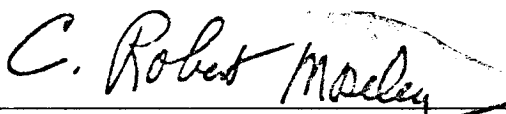

This Order shall remain in full force and effect until further Order of the Commission.
